Good read! Home!

It's good but not great. If you like salmon it will be a good choice. About half the book is dedicated salmon dishes.

The cookbook Pike Place Public Market was here on time, I have not made any recipe as yet, but have enjoyed reading all the delicious recipes. I can read recipe books like a novel.

We bought this book as a gift for my daughter. The recipes are authentic, tasty, and easy to prepare. There are explanations and photographs in the book that help with other questions one may have about seafood and the Pacific Northwest. Worth the purchase!

Great cookbook! Very small but packed full of great recipes.

Great hostess gift

Nice LITTLE book. Almost a mini coffee table book. If I wanted a book for recipes and techniques I'd look elsewhere. A little shy on content but a pretty little book.

some interesting recipes
