I love these calenders it is a full calender with no lines. And the size of a checkbook. Love it!

I got this quickly. I do wish that it was 2018 and 2019, but well since I'm buying it in 2017 I shouldn't expect that. lol! I also wish it wasn't layed out how it is but I do like the layout after I've had it awhile. I love the colors inside.

Great calendar for being on the go. Love that it fits nicely in a purse and doesn't take up much space. While I do use the electronic calendar on my phone, I still like the paper version. Great way to keep track of birthdays, events and other appointments.

Love this little calendar. I used to get mine at Michaels but they stopped selling them for some reason. I was lost without my little calender and didn't want to pay \$10+ for one.

i will buy this again. dose not seem flimsy. I like the way the calendar is laid out on the pages.

Days and months are there so I'm happy.

Perfect size to carry in purse. I like the layout of the months, plenty of room to write in each day.

It's ok!! A Little different than what I expected..but still serves the purpose I need it for!!
