Weight Watchers Smart Points Guide & Cookbook exceeded my expectations, as a health conscious like me, I always need some cook books while I think of what to have for dinner and lunch and for

some of my folks here without a lot of carbs. This book is simple yet there has a lot of delicious recipes. There's a bonus feature too, the cook's note. So if you're gonna go on health watch. I can recommend this book! Thumbs up!

Super recipe book! I've used many of the recipes and they are very tasty.

Excellent cookbook, lots of recipes that don't require lots of effort to cook. I tried the Slow Cooker Caribbean Black Beans, is a Mouth watering recipe!!!, you must try. I Will definitely try more from this cookbook.

Not as good as I had hoped for. All the previous reviews I read on this item is the resin I purchased it. After receiving the book, I am not impressed. It does have a lot of recipes, but not a lot that my husband and I would enjoy.

Tons of easy dishes that appear to be more fancy & tasty.
