Product Dimensions: 0.8 x 5.5 x 8.8 inches

Shipping Weight: 1 pounds

Average Customer Review: 4.0 out of 5 stars 4 customer reviews

Best Sellers Rank: #398,457 in Books (See Top 100 in Books) #140 in [Books > Travel > United States > Central](#) #279 in [Books > Travel > United States > Midwest](#) #6780 in [Books > History > Americas > United States > State & Local](#)

## Customer Reviews

From Minnesota's boundary waters to the badlands of the Dakotas, here is detailed travel information and beautiful color photography of some of the natural treasures of America's national parks and smaller reserves. From plant and animal life to sites of geological significance, this guide offers a breathtaking, up-close look at this region's natural wonders.

Using it for a future trip to Theodore Roosevelt National Park.

Good book

I bought this book for a weeklong driving tour through North and South Dakota, and found this book invaluable. If you are interesting in the natural resources and park systems in these places, it has lotsa info you won't get in maps (especially many beautiful color photos) altho the advice given wasn't always useful.

I've been to South Dakota a number of times and have had many questions about the landscape, etc. This book has the answers and the pictures to go with it. I especially appreciated the glossary and the further-reading list.
