Customer Reviews

The books are great; the format is so lousy I'll probably never use it.

Everything you need when you are searching for God the Creator.

Anyone interested in knowing JESUS and all He has done for us, needs to read these books. You don't hear this preached from pulpits today and that is a tragedy. A big source of what is wrong with today's society.

We live in a time of confusion and unrest. Many ask where is man headed, what is becoming of this world, is there any hope? I have found this book with its 6 books inside to be one of the most reassuring set of books that anyone could own. If read as one should, with an open mind to hear what the author is passing to the reader, it is assured that peace and calm will be found. Also much of what many say is too hard to understand of the Bible will become clear. I will warn that the book titled 'the Great Controversy' will be hard to read, only because it speaks of History. Not History as most know it but as it really was. If you don't like what that book says don't blame the Author, blame history. Would I recommend it to others? In a heart beat!

lots of good reading. the cover gets it all wrong. she is a very good author that may have been inspired, but not the deity portrayed on the cover

This book is very inspirational and well worth reading

Great book to develop a good relationship with God. Has all the basics plus more.

Good honest God's work
