Customer Reviews

I collect this maps. They are great for a small area. If you are looking for a larger guide of the area, this one cuts off at a certain point. Don't forget to check out Lafitte's Blacksmith Bar.

I really like this series of maps, but don't think about using it to walk around town. I think it is a good resource to review prior to a trip or back at your hotel. However, this isn't a map you want to whip out on the street corner to try to find your way around. The information is great, and the included points of interest are informative. This product is more like an illustrated guide book than a useful map.

Perfect for my vacation!

Map Easy products are fun to use when travelling. I've never been disappointed with any of the maps I've purchased.

LOVELY, heavy duty map of NOLA. Love it!

This map is cute and handy with a lot of interesting places to visit included. Also, it is very sturdy and should last a good while.

These are my favorite walking maps for any city! I have used these for over 20 years and while

living in London, I used to hand these out to every visitor.

Not a very good map. The print is too small and the map show a lot of clutter.
