150 Best Breakfast Sandwich Maker Recipes

Synopsis

Easy breakfast sandwiches made at home. Breakfast is easier than ever using these delicious recipes and a breakfast sandwich maker. A morning meal can be a breeze: quick and delicious, easy to make, and ready in five minutes with minimal cleanup afterwards. Nutritionists are right that a good breakfast is the very best way to start a day, yet often it is a struggle for time and ideas on what to make. This book provides a really fun, fool-proof and fast way to make a delicious breakfast sandwich -- perfect for students, busy moms, teenagers and anyone on the go who finds it just too time consuming or cumbersome to make breakfast for themselves. All of these recipes have been designed for the speed of a breakfast sandwich maker along with easy-to-follow directions. All of these recipes can also be prepared using small kitchen appliances such as an all-in-one-griddle, sandwich maker or even good old-fashioned pots and pans. Here are some individual and crowd pleasers: Classic Breakfast Sandwiches Bacon, Avocado and Cheddar Breakfast Melt, Rustic Ham and Cheese Sandwich, Apple Bacon and Cheddar Croissant, Hash Browns and Sausage Vegetarian Chocolate Chip Blueberry Pancakes, Portabella Mushroom Sandwich, Caramelized Onion and Kale Frittata, Margherita Pizza, Florentine Eggs Anytime recipes Prosciutto, Artichokes and Cream Cheese on a Brioche, Chorizo Egg Torta, Southwestern Chicken Sandwich, Anytime Quesadillas, Cranberry Bagel Sausage.

I love this book. It has so many delicious breakfast egg sandwich ideas - from classic to gourmet.
However, this book has so much more & turns the breakfast sandwich maker into a versatile
cooking tool. The cookbook has recipes for burgers and pizzas and a whole chapter devoted to
desserts & snacks and there is a kid-friendly chapter too. It also has chapters for gluten-free cooking
and for vegetarian lovers. Not all recipes include bread and not all recipes include egg. I would
never have considered using the breakfast sandwich maker in so many creative ways and this book
provides easy to follow instructions to make a meal in minutes. And, most importantly, the recipes
I've tried so far are fantastic! And I definitely have a long list of ones I will be trying. With 150 recipes
there are a lot to choose from. The breakfast sandwich maker and this book combined make a
terrific gift at a very reasonable price. It's great for a college student, a family with busy activity
schedules that are looking for quick & healthy individualized meals in minutes or anyone looking for
easy & fast healthy meals in minutes (I'm 50+ and no kids). I also appreciate that the gadget is
small & easy to clean. I highly recommend this book.

This book is the perfect companion for your breakfast sandwich maker, there are loads of interesting
recipes which will no doubt inspire you. I took a good look at the index before purchasing and have
found the majority of the recipes are very appealing and can be modified if needed. I highly
recommend you do the same to see if this book "calls to you". You can also use gluten free rolls or
muffins if you're on a Paleo diet or simply want to eat fewer carbs. There's much more to your
sandwich maker than a homemade McMuffin, that's for sure! Highly recommended!

I bought this along with the breakfast sandwich maker for my father as a gift. He's an older single
man and was eating out quite frequently. He loved the sandwich maker but having this cookbook

really allowed him to get more use out of it. He now uses it for quick and easy snacks and lunches, as well as breakfast. There are a lot of great ideas in this book and you can also easily alter them to suite your taste.

This Sandwich Maker Recipe book is excellent for using the new Sandwhich Maker as it has so many recipe's for breakfast, lunch etc. The recipe's are so easy to follow and most of them use common ingredients that you probably have in your kitchen cupboard or pantry. I am very happy that I ordered it and will get many uses from it.

I have purchased more than one of these books. They make great gifts for anyone who has a breakfast sandwich machine!

No doubt Hamilton Beach struggled to figure out what to call this wonderful machine. By calling it a "breakfast sandwich maker" they inadvertently set up a psychological barrier to thinking outside the box as to the many sorts of sandwiches that can be made. Williams has done a fantastic favor to all of us by breaking through the barrier and providing a plethora of possibilities, each open to the user's own imagination. The index is one of the best of any cookbooks, organized in a number of ways, including basic ingredients. The recipes are grouped under beef, chicken, vegetarian, pork, etc etc. If you get a machine, you've got to get this book!

This book is beautifully put together and easy to read since the book is large enough AND has a good sized font. Obviously the author was keeping in mind that many of her fans might be of the older generation.....which would be me! Wonderful recipes that inspire me to use my Breakfast Sandwich maker more often (a GREAT device). I'm a cookbook collector and this is definitely a keeper for my library. Recommended. Thank you. Feb. 13, 2015, added NOTE: I now have to purchase another one for myself because my 29 year old daughter just 'borrowed' this and I KNOW I'll NEVER see it again! Geez...Louise! Oh.....the ungrateful brat also conned me into buying her a Breakfast Sandwich Maker. I am such a sucker for my kid.....go me.

This book is perfect. It has a lot of yummy recipes to try out. I got a Hamilton Beach breakfast sandwich maker at a yard sale before we moved and this book was perfect. I had to get it for my breakfast sandwich maker. Can't wait to try them.
