# Talk English: The Secret To Speak English Like A Native In 6 Months For Busy People

## **Synopsis**

Including 1 Lesson With Free Audio Download

You have studied English for years, yet you still don't speak English well. You've tried many methods and you still make grammar mistakes, you still can't speak English fluently, and you still can't pronounce English words correctly. You can read English, but you feel too nervous or too shy to speak English. The good news is, this is very normal. You have simply used ineffective methods to learn to speak English. Ken has been in your situation before, but now he can speak English like a native, and he accomplished that in six months. In this book, Ken is going to teach you how to completely get rid of your accent and develop an American or British accent to speak English just like a native speaker, and he'll teach you how to accomplish that in just six months. In this book, you'll:<sup>\*</sup> learn to speak like a native in six months or less<sup>\*</sup> learn to do that on a busy schedule<sup>\*</sup> learn to speak English without translating it first<sup>\*</sup> learn grammar without memorizing grammar rules<sup>\*</sup> learn to build a vocabulary that lasts<sup>\*</sup> learn to pronounce English words like native American or native British<sup>\*</sup> learn to speak English fluently, correctly, naturally, effectively, effortlessly<sup>\*</sup> and more... to speak English like a native speaker.

You have studied English for years, yet you still can't speak English well. The reason is simply: The methods you used were ineffective. Change your approach now. Learn from the success who has walked in your shoes before and is getting the result you want. Effortlessly follow the step-by-step instructions in the book to achieve the highest level of fluency to help you speak English like a native speaker.

## Customer Reviews

Thank you for this amazing book i am startÃƒâ Ã -ing this week with my auÃƒâ Ã -dio lessons I love it i believed this book was my best purcÃƒâ Ã -ased I have ever had before I will let's you knew what happen an one month or 3 or 6 thank you for keeping me motivation in what i want.

I'm an ESL teacher and actually self taught myself Japanese this way. His method is a very effective way to gain fluency. The author does a really good job of outlining how to do it and I really recommend this to anyone who wants to improve their skills.

The book is concise and easy to read. Unlike Ken, my situation is poorer than him since I am now 50 years old with no special talent. I wonder his method is still applicable to me. Nevertheless I try my best and hope that I will succeed to speak English like a native.

Basically, this book is shorter than I expected it to be but it is more on experiential learning which I agree it is to be. Learning a language is not an easy one, especially when you're trying to learn it beyond your childhood days. I have been trying to learn three languages but still cannot master any of it. Anyway, the book is good. It is just that the font is quite big and the content is short. But, I think it is a good book for those who are trying to start in learning how to talk in English.

This is the perfect book to learn english, well written and easy to understand this book is a core value to everyone who wants to learn english the best way possible, lots of tips , i love this book and i will go through it again and again to perfect my english

Im a native speaker but i bought this book to help my spanish friend and before i sent the book to him a had a read myself and im very pleasantly surprised by the great quality of this book. Easy to follow and understand. To the point where my friend told me he uses this book everyday a little bit in

his free time, saying that its a well done book for everyone needing to learn the language.

This book is for foreign speakers who may know who to read or write English, but have trouble speaking it. I must say I was remarkably surprised at how well it was written and formatted. The book has great tips on not only the secret to speaking English, but also how and where to implement them. I recommend to anyone who is struggling, or maybe lacks the confidence to move forward with their skills.

This book is outstanding! It's personal and "to the point." It will help anyone trying to help their English language, not only with their speaking, but with their confidence. I'm excited to share this book with my "English as a second language" friends and family! Thanks Ken!
