Analytic Trigonometry With Applications

Synopsis

Barnett, Analytic Trigonometry is a text that students can actually read, understand, and apply. Concept development moves from the concrete to abstract to engage the student. Almost every concept is illustrated by an example followed by a matching problem allowing students to practice knowledge precisely when they acquire it. To gain student interest quickly, the text moves directly into trigonometric concepts and applications and reviews essential material from prerequisite courses only as needed. Extensive chapter review summaries, chapter and cumulative review exercises with answers keyed to the corresponding text sections, effective use of color comments and annotations, and prominent displays of important material all help the student master the subject. Analytic Trigonometry 11th edition includes updated applications from a range of different fields to convince all students that trigonometry is really useful. The seamless integration of Barnett, Analytical Trigonometry 11th edition with WileyPLUS, a research-based, online environment for effective teaching and learning, builds student confidence in mathematics because it takes the guesswork out of studying by providing them with a clear roadmap: what to do, how to do it, and whether they did it right. WileyPLUS sold separately from text.

Book Information

Hardcover: 624 pages

Publisher: Wiley; 11 edition (November 22, 2011)

Language: English

ISBN-10: 0470648058

ISBN-13: 978-0470648056

Product Dimensions: 8.5 x 1.1 x 10.3 inches

Shipping Weight: 2.6 pounds (View shipping rates and policies)

Average Customer Review: 3.6 out of 5 stars   16 customer reviews

Best Sellers Rank: #30,343 in Books (See Top 100 in Books)   #14 inÃ Â Books > Science & Math > Mathematics > Trigonometry   #19 inÃ Â Books > Science & Math > Mathematics > History   #173 inÃ Â Books > Textbooks > Science & Mathematics > Mathematics > Algebra & Trigonometry

Customer Reviews

Good

Wonderful! No content is missing and with the free shipping for being a college student makes it even better!

Great!!!!!

Hard to say I love a math book, but it came on time, and I had no issues with it.

Great book really good condition and was money well spent.

GREAT! Passed my class with this book! LOL

ordered hardback and got this please be sure to doublecheck when ordering just incase you need to cancel

i got this for my summer classit's a text book, not really that interesting, but it has the basics for you
