General Test Guide 2015: The "Fast-Track" To Study For And Pass The Aviation Maintenance Technician Knowledge Exam (Fast-Track Test Guides)

Synopsis

The Fast Track series is designed to prepare applicants who are seeking Federal Aviation Administration (FAA) certifications for the full range of material on each test of the series. Prospective test takers are supplied with questions that have been used in the FAA's knowledge exams for aviation mechanics along with an answer key, explanations, and references to quickly improve their comprehension and retention of the test and study materials. Learning Statement Codes (LSC) are also included, enabling students to easily interpret which subject areas are indicated as needing further study on their knowledge test reports. This volume of the series deals with the "General" section of the FAA Knowledge Requirements for Aviation Maintenance Technicians.

Product Dimensions: 0.5 x 8.5 x 10.8 inches

Shipping Weight: 14.1 ounces (View shipping rates and policies)

Average Customer Review: 4.8 out of 5 stars 18 customer reviews

Best Sellers Rank: #1,039,679 in Books (See Top 100 in Books) #84 in [Books > Engineering & Transportation > Engineering > Materials & Material Science > Testing](#) #130 in [Books > Engineering & Transportation > Transportation > Aviation > Repair & Maintenance](#) #1650 in [Books > Engineering & Transportation > Engineering > Aerospace](#)

Customer Reviews

ASA Test Prep Board: ASA Test Prep Board includes editors Jackie Spanitz, Charles L. Robertson, Cliff Seretan, and Paul Hamilton. Jackie Spanitz is the director of curriculum development at Aviation Supplies & Academics, Inc., and the author of several books, including Guide to the Flight Review. Charles L. Robertson is an associate professor of aerospace at the University of North Dakota. Cliff Seretan holds a Commercial Certificate with an Instrument Rating for Single- and Multi-Engine Land Airplanes and CFI for Airplane Land and Instrument. Paul Hamilton is a sport pilot and light-sport aircraft expert, a flight instructor, and the owner of Adventure Productions Co.

For the ASA Test Prep Series, all editors listed are consulted for new material for the Series. In the case of the "Visualized Flight Maneuvers Handbooks," Jackie Spanitz is the only editor who contributes to these.

I bought all 3 to help me prep for my O&P's I did not use for the written as I prefer the prepware App. Theses are the print version of the App questions. plus a section of possible oral questions. So consider what study style works best for you. With the new changes to the test standard it is important that you have a good understanding of each subject area and do not just memorize the questions.

The BEST A&P General test guide! I am an A&P instructor and have seen some cruddy test prep guides in the past; even the online apps are not the greatest. This seems to have the most questions. I like the O&P section and the fact they have some Human Factors questions which earlier took some of my test takers(and me) by surprise.

Great Book!! Highly recommended seller!!

Exactly the book I needed and got it for a fraction of the price I would have paid thru my school

Great product.

Lot of reading

Excellent study guide

good
