Customer Reviews

My daughter of 8 loved this audiobook. She was so into the story and hung onto every word. I would recommend, as it is challenging to find appropriate audio books for her age. I would say from 8 to 13 years.

granddaughter enjoyed it

FOTF Radio Theater are extremely well done. Highly recommend any one of them! I got this one for my little sister for Christmas as a part of a series of dramas. She doesn't read so much, but loves listening to the stories. These are a great way for her to engage in the story, and hopefully spur her on to harder reading.

My 4yo girl loves this story. She listened 2-3 times a day! When there is a narration, it's 1st person. However, the story is a re-enactment. It's like watching a movie with the screen turned off. Fantastic!

great story line

Radio Theatre has done a lovely job of dramatizing a well-loved story. It is a faithful, if not exact, telling of the book. The characters develop, though not as much as in the book. It was an enjoyable 2 hours-ish of listening. You can listen to the CD without knowing the story and enjoy it completely.

Our family listened to this production on a series of short road trips. The classic story is amazing and the production quality very good. We love the radio theatre generated by Focus on the Family and will continue to purchase these high quality, family oriented productions.

I got this because I have never read this book and everyone I know has, the audio and characters were great and I genuinely loved the book..wish I had read it years ago..
