# The Birthday Scandal

## Synopsis

A Regency birthday party leads to love and scandal! When Lucien, Isabelle, and Emily are invited to their great-uncle's seventieth birthday party, they hope the elderly duke's promise to make their lives easier means they'll be receiving cash. What they don't expect to find is love and scandal! Lucien, incensed by his father's announcement that he's marrying a girl even younger than Lucien, resolves to convince the bride to back out no matter what it takes. After a year of a marriage of convenience, Isabel is horrified to find her husband occupying the room next door and making it clear he intends to move into her bed. And Emily, disillusioned by the whole notion of marriage after the death of her fiancé, decides it's time to take a lover instead. Three siblings, three romances and three scandals keep the ton buzzing in this Regency romp!

## Customer Reviews

Lured to the birthday celebration for the Duke of Waybridge by a promise of having their lives "enriched", the Arden siblings along with the future Duke, Garret of America, descend on the old Dukes, country estate in hopes of leaving considerably richer. After all, the death of the Duke is

rumored to be imminent and spinster Emily is at wits end just trying to keep her frugal lifestyle going. Sister Isabel arrives wearing dresses just as threadbare as Emily's, followed by her handsome wealthy husband who would grant her all she every wanted, if she but grant him one wish. As for brother Lucien, having his life enriched would allow him to continue with his debauched life style with his friends and mistresses. Garret on the other hand has arrived to satisfy his curiosity and to let the Duke know that he has no intention of becoming the next Duke. The last to arrive for the party is the despised father of the siblings, announcing he is to remarry a woman younger than his children. What ensues with this misguided family is a merry romp from one entertaining event to the next. Alliances are formed, romance sizzles in the air, and the scandals are delicious!

I'll be the first non-Vine person to review this book! As summarised by all the others, this book included 3 love stories where the protagonists are siblings, 2 sisters and a brother. They travel to attend a house party in honour of their uncle's birthday. Personally I liked the movement between the 3 stories as the book moved at a fast pace and kept my interest. I liked that all of the main characters were honourable and had integrity. I highly recommend the book!

Held my interest with all its twists and turns as well as intrigue. If you like Ramsey novels of this era you will enjoy this book.

This was a good book it was nice to have characters take time to finally realize they were in love although sometimes it felt tedious waiting for it.

I loved this book. I thought it was charming! An old crotchety but wily uncle decides to gather his nieces and nephew for a birthday celebration, one where he will be gifting them what he considers they are in need of most. Although this book juggles three romances in one story, I thought it was still done quite well. Each couple's story-line was told and told well, and the supporting characters were fun to read about too. My favourite romance was the one between Max and Isabel. I felt that one was the one the book also favoured slightly more than the others and because there is a misunderstanding between them, it's the one I think you want most to work out.

I'm really glad I found this book and decided to give it a try. I started it late in the evening and wished I'd started sooner for I really didn't want to go to sleep without finishing it. But, alas, my tired eyes defeated me. I did, however, finish it the very next morning. I really enjoyed the book. The only

reason I gave it a four was because I was disappointed that the third couple in the book, Lucien and Chloe, did not get much attention and I couldn't connect with their story though I wanted to! Also, I thought Emily was getting a little carried away with the "I'm never getting married" mind set. Aside from that, I really thought each of the three couples could have had their own book and they would have been great stories! In any case, I enjoyed the book enough that I couldn't put it down and I will continue to read more books by this author! The writing is really good, just enough description but not too much! It's a light, fun read and I would recommend it to anyone liking this genre!

I never give five stars or reviews. Congrats, I honestly can't find anything to criticize except that I tried to put it down--busy with a project--but kept picking the book back up again. After the third time, I gave up and finished it. I predicted some things, but was so delighted at the way you worked the characters, I honestly didn't care. Thanks for the craftsmanship. K.m. Kavanagh

This was a very fascinating book.
