Customer Reviews

The map gave a quick reference after studying a navigation app on a tablet. It helped to get a sense of Nashville's connectedness. I was able to locate my points of interest, making my trip planning certain. I left the map out on my drawing table completely opened up. I am getting the sense I'll know where I am upon arrival.

It's a map. I can read it well enough. I noticed others thought the type was too small. However, my

gripe is that it doesn't cover the surrounding areas very well. I am trying to buy a house there and need a larger perspective than it offers EVEN THOUGH the houses I'm looking at all have NASHVILLE addresses. I think it's out of date for how the city has grown, but for the inner city areas, it's fine.

Just great!

Great map

My wife really likes a paper map to get oriented to a new area This did the job. Sometimes the old technology is what you need

It got wet in transit and had gross water marks on it, once it dried out.... should have been in plastic.

Save your money..hard to read "old school" map

Thought I was buying the laminated type. Just paper. Disappointed.
