Customer Reviews

Wonderful recipes for people staying away from wheat. Great value !

This does not go along with the wheat belly diet in my opinion. Too many recipes with honey, potatoes and no breakdown of the nutrition. Don't be fooled unless you thoroughly read the Wheat Belly books.

Lots of great recipes in here and the variety will suit any palate. I can't wait to try many of them!

Healthy recipes that are delicious and good for you. If you are looking for great taste then you will really enjoy these cookbooks. Thank you and enjoy your day.
