## **Synopsis**

[Siren Publishing: The Lynn Hagen ManLove Collection: Erotic Alternative Paranormal Romance, shape-shifters, M/M, HEA] With Jesse as his cousin, Elijah's freedom was stunted. The alpha always makes sure Elijah has an escort whenever he leaves the house, and Jesse's rules are enough to drive any man insane. When the pack leaves for a hunt, Elijah sneaks out and follows. But trouble finds him, and Elijah's life is threatened by the very man being hunted. He finds a bear and a bunny shifter that help him, unaware that fate is about to intervene. He's kidnapped right in front of his cousin, and carted off to a bear clan. Duane's bear takes over and steals Elijah from the wolves. He thinks Elijah is a sweet little wolf shifter, until his mate becomes riled. But Elijah keeps putting himself in harm's way, and Duane is at his wit's end, especially when the feds show up looking for the missing sheriff, and one of them attacks Elijah, threatening to expose the shifters of the mountains to the world. \*\* A Siren Erotic Romance

## **Customer Reviews**

After the violent conclusion of WADE, this fourth book in the Grizzly Ridge series tries a reset with

disastrous results. Namely despite feuding / clashing regularly between the Wolves and Grizzly Bears, a real close mate is found. Kept away from others & carefully watched due to his smaller size, Elijah was the Wolf Alpha's younger cousin. Jesse had raised Elijah after his parents died. Elijah felt too closed in - he wanted to spread his wings metaphorically speaking & fly. Or at least be allowed to run with the pack on missions, but alas the answer to that was a resounding "NO!" by his cousin who made sure his much younger cousin was only allowed supervised runs in the woods. All these restrictions chaffed at Elijah. He wanted to experience the world outside his tightly regimented existence. And boy did he ever! To the furious reaction of this guardian cousin. As the story unfolded it became apparent that Elijah did need a strong guardian looking out for his best interest. He was excellent at making rash - much too impulsive decisions. And he continued to do so to the chagrin of Duane his big Grizzly Bear mate. To be fair Eli also thought he was doing the correct thing. His heart was in the right place, but it lead him and others to places they don't want to be. The FBI show up and the Mountain shifters are in more trouble than when the crooked sheriff & posse infiltrated the home turf of these very territorial beasts. The ways they go about handling this latest threat is both humorous and deadly. The Wolves and Bears learn that holding Humans hostage is not as easy as they initially assumed. There is a Happy For Now (HFN) for Elijah & Duane because a real danger continues to exist. Only two brothers, Trigger and Walker haven't found their mates. Who's next?

This was absolutely great! I loved it along with the first three books and I can't wait to read what happens next.....
