Instinct

Synopsis

In the continuing saga of Raelin and Delaney Delacroix, they finally find time to take a vacation to a private South Pacific island. There they find a waterfall cave, and there Raelin is granted a wish that she never thought would happen. Once they are home, they have to ready for their upcoming bundle of joy, but unbeknownst to them, someone is watching them and their friends. What does life have in store for them now?

Customer Reviews

I don't usually write reviews, but Jennis Slaughter has quickly become one of my favorites. I LOVED this book!!! I was a little sad when I started reading it thinking that this was like the last book in a trilogy and I was going to have to say goodbye to some characters that I had really come to love, and I did not realize I was getting near the end of the book until I was literally like OMG! Is she really going to leave me hanging like this?! I am going to try not to lose my mind stalking until the next book comes out, hopefully really, really, really soon...hint hint Ms. Slaughter.

It was nice seeing the Delacroix family members come into the picture and experience their growth. The story was well told and exciting, though I must say I am anxiously awaiting the next installment, cause things are getting interesting. Live the series.

Wow was I excited to see that the third in the Del and Railen series was out and I was surely not disappointed. I loved these characters from the the first page of the first book. Their journey has come so far in these three books and this one was the best yet. With new edition Railen and Del face their most terrifying obstacle yet, parenthood!!! Well written, as always, and such a cliff hanger at the end I literally yelled out loud. Well done Jennie Slaughter. Highly highly recommend this entire series.

I enjoyed seeing the relationship between Ray and Del and the kids. I am begging the author to please write another book. The story just can't end this way. I am hoping the characters will live a long and happy together. I can't wait to see how the kids develop their abilities.

As always another fantastic story from Jennie S. The ending was such a surprise and its going to take alot of patients to not go crazy waiting for the next book. There better be a next book or I'll have to give up reading. Can't wait ;>)

What a good story I love Del and Rae and there New family. The ending is hard to swallow and I hope for another book soon with a follow up.

I love it can't wait for the fourth book hope it's soon

Read the first two in the series and looked forward to the third. I felt cheated upon finishing this book
