## Customer Reviews

Explore Brussels with 6 easy to use fold out maps, plus great listings for all tastes and budgets.

Knopf Mapguides are wonderful aids while traveling. They are small enough to place in your pocketbook when not using. They divide the city you are visiting so you are only viewing one section at a time. You can't get lost. They have the train and bus routes also in the book. I have about 11 books for different cities, would not travel without the Knopf Mapguide for the City I was visiting.

I really like the look of these maps, but sometimes -- say when you're lost in Brussels -- it can be hard to figure out which area you're in, because you constantly have to flip through sections.

We used this book while visiting Amsterdam and found it very helpful. It gave us good information and was easy to use. The fold out maps were an extra nice way to keep our daily "walking about" organized. We've used other of these booklets and have enjoyed them all.

I have used many in this map guide series. Small enough to fit in purse or pocket and detailed enough to keep us from being lost.
