First things first: The pictures are just as sensually beautiful and sexy as you'd expect from BEL-AMI. But before you buy, note that (size-wise) this is NOT a coffee-table book. It's actually quite small (about the size of a trade paperback). And virtually every photograph is positioned as a two-page spread, which means that there is a deep center-fold (crevice) in the middle of each picture. Needless to say, this is not exactly a virtue in a book depicting two young men re-enacting sexual positions. If the book was larger and the pictures not bisected by a center-fold, I'm sure any gay man with an interest in beautiful young bodies would have been glad to pay twice the price for it. As it is, I wish I had a more legitimate reason than simple disappointment to send it back.

My partner and I were looking for a new book to spice our relationship, we have googled and looked for new positions and ideas that could help us, but nothing was like this book. The pictures are beautiful, they're sensual without being sexual, and it's just fun to read about each position and try them out. We are in the process of going through the book and we are having quite a lot of fun! Will recommend this to anybody who asks me about it.

As with any position book (gay or straight) this one gives some great options and some downright funny ones. Both Kris and Dolph are beautiful to look at in this book but as someone who has tried some of these positions, leave out some of these acrobatic moves. I look forward to any Bel Ami books for self explanatory reasons.

There are more like 5 positions repeatedly over and over. The photography is nice, though not artistic, so no saving grace there... There are better out there.

This is more about positions than techniques, but it still is full of great ideas that could be combined with creativity to make for a HOT night! And the Bel Ami models are SO worth the price of the book!

The models in this book are very hot. They came up with positions I had never thought of. can not wait to try some of these posiotions.

Great photos, good explanation of positions, and very sexy models. Fairly hot to view and think about. Gave a very good overview of the possible positions for enjoyable gay sex.

If you are a gay man and you want to have sex, you need this book! They have illustrated every motion and position known to man about having a great sexual experience. I love the pictures and the dialogue to show you just what ways to monuever these sexual positions!! A must read for every gay man!!!
