Manny The Frenchie's Art Of Happiness

Synopsis

Based on his popular Instagram feed @Manny_the_Frenchie and Facebook profile, this is an illustrated and humorous guide to living a happy and fulfilling life by "the most famous French bulldog in the world" who "is downright amazing" (Buzzfeed.com). In 2011, Manny was the runt of the litter and on his way to a shelter. But when his parents scooped him up, named him after the world famous boxer, Manny Pacquiao, and began posting photos of him sleeping in their sink accompanied by humorous, optimistic captions, Manny went viral. Whether he's wearing sunglasses, hitting up music festivals, or sleeping in adorable costumes, this little Frenchie always encourages a positive, do-gooder outlook to his followers. Packed with cheeky humor, witty wisdom, and charming anecdotes, Manny the Frenchie's Art of Happiness will satisfy dog lovers of all breeds.

Customer Reviews

"Full of tips on how to reach Manny-levels of happiness and includes oodles of adorable photos to help you get there." (People.com)

A fun read.

Of course this is as adorable as Manny is!

Who needs a guru when they have Manny, the world's hippest Frenchie? The stress just falls away as you look at the adorable photos of Manny, his siblings and his friends. And for times when you can't meditate upon his smiling mug, Manny has plenty of advice designed to make life better for humans and their four pawed companions. Needless to say naps and bacon play an important role. But there is also ample encouragement to treasure friends and family and do things that benefit others. Manny's positive approach to life is contagious. After reading, Manny the Frenchie's Art of Happiness, I felt energized and ready to take on the world one smile at a time.5/5I received a copy of Manny the Frenchie's Art of Happiness from the publisher and Netgalley.com in exchange for an honest review. Manny is a very special French Bulldog. He has many adventures that will make you laugh and others that will make you cheer. He knows he has a good life and wants to give back so other dogs can be shown the same kindness. If you love French Bulldogs or just dogs in general you will enjoy this book.

4.5 stars Manny the Frenchie simply rocks! He may have been the runt of the litter when he was born, but he's a huge star to me in the art of spreading happiness. Having never seen or heard of Manny before, this book had me laughing and smiling at every turn of the page. I do have to confess to being a confirmed fan of all kinds of bully breeds and having 2 kinds myself. I think the Frenchies are totally adorable and after reading about them and seeing Manny in all his splendor, I think I have to have one really bad now! They are so adorable, and look how many Manny's family have in an apartment when I have 7 acres and just 2 larger bullies :-)

Now I believe everyone should have at least one or two of these delightful French Bulldogs. So yes, you could say I liked the book. My thanks goes out to NetGalley and Touchstone for the ARC in return for my 4.5 stars

This is a delightful fun book. The puppy pictures are precious and the words so appropriate. This is great for young and old. Makes a great gift too.

I mean, he is the cutest! How could you not love this book? It's filled with him, his siblings and friends. Best thing was that I pre-ordered it, it arrived on the day it came out, and the following day I attended a meet & greet with him. He's an awesome dog. Buy this book!

Love it! I love Mannys adventures.
