Diomira D'Agostino,Â author of the #1 new release and bestseller,Â The Forest Speaks Series: Through the Eyes of the Dragon: Â It felt so human and beautiful. INTRODUCTIONÂ Â On a wide human scale, the doors of our souls are beginning to open so that we can more easily connect to the energy, light, and love of God. The love of God can be conceptualized as energy, as vibrational frequency, as an all-encompassing movement that permeates the entire universe and beyond.Â There are some people who prefer to keep the doors of their souls closed.Â There are many reasons why people "opt out."Â Some people do not believe it is possible to connect to God's love.Â They may believe that they have to earn the privilege, that they must be noteworthy or possess an upstanding character.Â In other words, they may not feel they deserve God's love.Â This is a real problem. Â All people deserve God's love, not in the sense that we earn the right to be loved by God, but in the sense that God's love is a natural aspect of our own being.Â God's love already resides in us.Â Many of us just don't know it.Â This love remains hidden because we often refuse to believe what our own true nature is.Â Typically it requires psychological work to move beyond our own egos. Our egos conceal who and what we are.Â The ego is not malicious.Â It is merely protecting us from the unfamiliar, the potential pain, reminding of us the mistakes we have made in the past. Whether we are aware of it or not, we are often chained to the past.Â Once our ego's psychological protective measures are relinquished or transformed, we can realize how connected we are to God.Â It takes great courage to live beyond our ownself, to let go of the protective ego.Â But once this is done, we begin to see life and light through God's eyes.Â Â We begin to feel we are living in God's Heart.Â When the ego plays a diminished role, we can experience just how connected we are to the divine.Â We can more easily experience our true authentic being. One of the easiest means of connecting to God is through the heart.Â Â Those who are genuinely devoted to God love God with all that they have, their hearts, minds, and souls.Â They merge with the Will of God, and act through His Heart. Â You can do the same; be fearless and choose Love.

Â Genuine devotion is rewarded by God's active presence in your life, though in what exact form is for the universe to decide.Â One strategy to develop the ability to emanate divine love is to "love until it hurts." The Sufi poet, Rumi, says it best, "You must keep breaking your heart until it opens."Â This advice is ignored or misunderstood by the ego.Â The ego does not want to experience pain and it does not want to relinquish control. Â Â The ego does not appear to understand the implications of its own strategy.Â It wants to remain in the dark, lost within its own fears.Â God's love is so large, so immense that it cannot fit within the confines of our small, too-human hearts. This means God's Heart does not exclude anyone.Â If we are to live an authentic life, we need to make our hearts as large as God's. Our hearts must be left permanently open.Â An open and free energy, the love of God flows throughout the entire universe, so you can experience this energy at any time, since it always surrounds you and exists within you.Â When you allow for the possibility of an open heart that is perpetually connected to God, you flow with the universal energy by allowing yourself to feel the oneness of the deep movement of life within yourself, as your soul traverses worlds upon worlds, dimensions upon dimensions.Â With your intent to invite God into your heart, you prepare room for infinite encounters with God. Â You can experience this energy by intending to merge with God's Heart.Â You already know this, though most people find that they are intimidated by the prospect of gaining access to what seems impossible.Â If you remember who you essentially are, that you are an incredible Source of universal energy and light, you can easily open to the wondrous love that resides in all corners of all universes. Divine love already resides dormant within your heart of hearts.Â It is time to remember this.Â This book is an invitation to lay aside your ego and to explore the blissful nature of the Sacred Heart. Â Each chapter will discuss an aspect of the transformative process designed to open you to your larger Self.Â Every word in this book is encoded with Light generated from the Sacred Heart.Â All the secrets within the universe lie within you.Â You are invited to remember.
