## Customer Reviews

This series is an amazing love story with humor and real life like experiences. I absolutely feel in love with it and read 3 books in 2 days. For people who like funny love stories I recommend this series. Spoiler alert it ends with your heart melting. After I read these I was just a puddle on the floor it was so good.

I am really enjoying reading this story! I hope the author continues this story. Getting to read this anywhere its just makes me happy!

Volume three begins where two left off. The quiet yet forceful at times steadfast love of Ayumi's childhood friend is cute to read. Even though the characters are teenagers and though it been a moment since I have been one I love this story. Now if only sThink didn't end it with such a cliff hanger.y

NoooooooooooooTakano don't die please omgomgomgomhomgl'm still loving this mangalt getting more addicting by each volumel love itBut takano plzzzzzz don't dieCya tomorrow!!!

That was the best volume yet!! I started crying at the end since I just lost my dog but also because of Nao. I just can't wait for the next volume!!! Start from the beginning and buy the first volume because this is a series worth reading!!!

I Love this Manga Edition. I thought it was complete? I need Vol 4 to be released. Its not fair to leave us this way after waiting for her to reveal how she feels. You left us in a cliffhanger not knowing if it would come true. My heart can't take anymore. Please update soon... I need to know...

This is so heart twisting..... It'll make your emotions go jumping all over!!! Rather odd in so many ways for that matter..... You must read...

This was the best book I have ever read it have all that I had ever ask for on a book I could not stop reading the book it hook me.
