## **Synopsis**

Jason Bernard Ramsey II is a man of faith...but he becomes Jack Short, a man who kills whoever gets in his way. He discovers two skills he did not know he had...a fast draw and the ability to kill without remorse. He's at odds with his faith and the law. If you break the law in Texas, you must answer to the Texas Rangers. This duty falls upon Lee Brannon. In a strange twist of fate, Viejo joins with the ranger in the pursuit of other outlaws, and discovers there is no real code of ethics among thieves and no misdeeds go unpunished.

## **Customer Reviews**

I don't know why I liked this. There are way too many mistakes. That's why it only gets three stars. It reads like a seventh grader wrote it. And for a youngster it would be real good. But it is a good story with Viejo pulling for Grace. Enjoy, and turn a blind eye to the poor grammar.

This story reminds me of the prolific author Louis L'Amour. Fantastic word play and great

descriptions of scenery and people. I enjoyed reading this, but wasn't prepared for the ending. I knew what was coming a chapter or two beforehand. Loved reading a book where actions have consequences and all that was involved.

While I appreciate the effort to bring the good news to a unique community (readers of westerns), the book is full of typographical and technical errors. I don't agree 100% with some of the theology. The storyline gets a little syrupy too. I hope the author keeps trying, but continues to learn to really grab people's attention for his message.

Viejo and the Ranger mixes mysticism with the old west, asking the question, what is good, what is evil, and what makes a man one or the other. Like a good morality play, this book metes out justice to the protagonist who needs it (but not everyone who needs it is punished, to our knowledge). Of course, the punished man finds religion/salvation before receiving justice. A very interesting story, with a little too much religion/mysticism for my taste; combined with the myriad typos, including leaving out words, this rates only a 3.5 rating. Giving the good writing the edge, I rounded it to 4 stars rather than down to 3.

Wow! What a great book. The Bible tells us that surely we entertain angels unaware. This is an inspired book by Cliff Hudgins... I read the entire book in one sitting. I'm looking forward to his next title!

When his entire family is found murdered and the local law does nothing about it, the mild-mannered store keeper heads west. Fortune and time turns him into a feared gunfighter and gang leader that has no mercy and no feelings of right and wrong. And then Viejo and a Texas Ranger intervene, forcing memories and a sense of justice and that begins the turn -- away from the paths of lawlessness. Interesting concept, good characters, interesting comments on firearms and worth the time

Different with surprising turns. It follows not only the life of the protagonist through ups and downs, it also follows his psychological and spiritual strife while trying to deal with the unthinkable. The other primary character also experiences first hand some of the same unexpected turns and is also permanently affected by them. A tale of honor, tragedy, despair and the realization of a wrong turn taken which leads to redemption in a strange manner.

THIS IS A PAGE TURNER 4 SURE KEEPS YOU WAITING FOR THE NEXT PIECE OF THE PUZZLE . MAKES YOU WANT TO START THE NEXT BOOK IN THE SERIES.
