Threshold Bible Study: Pilgrimage In The Footsteps Of Jesus

Synopsis

Because Jesus entered our world in the human condition, our faith has deep roots in the physical places where he was born, walked and talked, laughed and wept, where he suffered, died, and rose again. Though a bodily pilgrimage to the Holy Land may not be possible for many, this imaginative pilgrimage unites these hallowed places with the sacred texts associated with the life of Jesus. This geography of salvation can fill out the written gospels with tangible reality. Here we can imagine Jesus with his disciples along the lake, teaching on the mountainside, praying in the garden, and dying on the cross.

Customer Reviews

"This series is appropriately named because its commentary and study questions bring people to the threshold of the text and invite them in. The questions guide, not dominate, and they invite readers to ponder and wrestle with the biblical passages. Stephen Binz's work stands in the tradition of the biblical renewal movement and brings it back to life." --unknown

The Threshold Bible Study is a thematic Scripture series designed for both personal study and group discussion.

Good content and easy to follow. Although annotated, the writing did not thwart the value of the text.

Book was received in good condition.

If you are visiting Israel you must take this book with. Biblical references to the place you visit make it come to life! Highly recommend!

Perfectly like new , seems like it was never used.
