I love coloring famous art masterpieces in my own choices of colors. This is a great book to own if you are an adult who enjoys coloring in coloring books as a stress reliever. .com has a lot of choices to choose from. I like to keep a lot of coloring books on hand. I am very happy with this purchase, and I highly recommend it to anyone who enjoys coloring or painting.

My husband and I are really enjoying this book. Hubby is the artist and it took something like this to get him interested in "coloring". Great pictures. High quality paper. Printing is on one side of the paper. This is good since we are using gel pens right now. Hubby really wants to use pencils on these. Nice that the pages are perforated, this makes it easy to get the pages out of the book. I would like to use the pages to make cards.

My new favorite hobby - coloring. My new favorite coloring book- Art Masterpieces. It has thick paper so it won't run to the back side. Great book.

The adults and children of the adults I sent this coloring book to were equally happy. We don't necessarily need adult coloring books. Just give us a coloring book and it brings back that happy time memory. I think that it is very relaxing and important for adults to get back to the things that made us smile during our life time. Like coloring, jumping rope, swinging in swings, going up & down a sliding board etc.

I ordered this book because next grading period I'm teaching art to my French 4 Honors students and thought doing some hands-on activities would make it more interesting and memorable! I am pleasantly surprised at how great the lines are and the pictures of the actual pieces will be helpful! I'm so excited to do this with my students!

Love it! If you ever wanted to try 'duplicating' a classic, or putting your own spin on a few, this is a very fun and interesting book of art to color. i really like the full color thumbprints in the back with artist and piece descriptions;very informative and gives a good frame of reference. Nice sturdy paper stock as well. If you admire the impressionists, this is a fun way to try on their shoes.

I love to paint and color and this is just right.Thanks.

I Love It!!
