# Respiratory Care: Principles & Practice

## Synopsis

The comprehensive coverage inside *Respiratory Care: Principles and Practice* reflects current practice, both technically and professionally, giving readers the strong background they need to succeed in the field of respiratory care. This book offers a fresh approach and state-of-the-art content designed to help students and professionals develop critical thinking skills, the ability to develop care plans, strong communication and patient education skills, and clinical leadership. Complete, up-to-date, readable, and student-friendly, this is the only book that fully addresses the evolving role of the respiratory care practitioner. Plus, it is the first comprehensive text to feature a bright, two-color format, with stunning new illustrations.

## Customer Reviews

Dean Hess, MA Gen Hosp., Boston, MA; N. MacIntyre, Duke Med Ctr, Durham, NC; A. Adams, St. Paul-Ramsey Med Ctr, St. Paul, MN; W. Galvin, Gwynedd Valley Med Coll, Gwynedd Valley, PA; S. Mishoe, Med Coll of GA, Augusta, GA

I wasn't required to purchase this book but I knew our class would be using it so I got it. It's so much better to understand than the EGAN's book we use. I am quite happy with my purchase.

Great book. It was great for my Respiratory therapy class. With getting ready for RRT registry this book helps a lot.

Everything that I need, right at my finger tips via Kindle

This book really helped me start studying for staff sargeant and the CRT. I especially like that I can write on it and highlight it.

Will keep forever

I was a bit disappointed with this purchase. The listing said new, but the cover looks worn, the corners bent and scuff marks on cover. This most recent purchase of two textbook have not been very good, though this is the first time I have been let down with textbook purchases.

This book helps me a lot especially in my daily practice as an RT.... thanks for the authors of this book...

...everything you need. I'm typing more here just so that this thing will leave me alone. I just wanted to give it 5 stars and not have to write a review. Ok done.
