did not like book

Although this is an older book it remains one of the best introductions to Turkish cooking for the non-Turkish cook. The recipes are easy to follow and every one I've made was delicious. I had an earlier copy of the book and have used it for years while cooking for my Turkish husband and friends and it has never disappointed. My husband claims that learning to cook Turkish food was an elaborate plan on my part to snag a Turkish husband. I guess it worked since we have been married since 1983.

Surprised that it contains modern recipes.

Great easy to follow recipes for tasty food

Excellent book on Turkish cuisine.

Great recipes, super easy to follow ...love love love

I love Turkish cuisine and this is the best book among many. I use it everyday and recommend to anyone who wants to cook real Turkish food.

This was a gift to my wife. She is always trying various cuisines. She said she likes the book. As to the cooking, well she is still trying and I am still lying.
