We are big Kevin Henkes fans in our house. My 4 year old is particularly taken with his books. She also has an imaginary pet mouse, so I thought this book would be perfect for her! I was right! She is an independent reader and has loved the Penny series. I wish Mr. Henkes would write many, many more!

We saw Kevin Henkes at a book signing and he was fabulous! He said this was his second easy reader and I think he did a wonderful job with it. My second graders boys and girls both like it but it's probably most appropriate for first grade readers. He said, which I think was interesting; his first Penny book was about something that was hers, the second (this one) was about something that was given to her and the third (coming out next year) is about something she takes...each a bit more complex and adding more to the plot!

Charming book great for young children.

My daughter Penny (3) loves these books! Mostly because the mouse has her name, but they're also super cute. Great, simple stories, and nice illustrations. The Penny books are some of our favorites.

My soon to be 6 year old daughter loves these books! They are a perfect pace for her age.

My daughters (11, 8 and 6) enjoy this cute book! The sentences are more simple, but the words are big and challenging at times. Go with the "My First" I Can Read! books for emerging readers...the level 1 is for kids who can already read well.

Bought this for my daughter and in fact used it as a party favor for all the girls at her 4th birthday. Easy introduction to the basic concept of a "chapter book". Enough basic words that she could work

through, but still needed adult help to read the whole story. If your daughter loves her dolls, this is a sweet book for her.

Got this for my niece when I went to visit. She loves the Penny books and this was a good one. We read it together - recommend!
