## Customer Reviews

This product arrived with one of the two cds and the one that was included does not work. Trust me, I checked our cd player and other cds work. This one is blank. Be sure to check immediately upon receiving. I just found out as my daughters music classes started.

My grandson is using this book in the Wheaton school district so I bought it to keep up with him, plus the accompaniment book. I learned a lot quickly and still go back and play along with the CD, as well as practice the exercises which are so important. I also purchased the Essential Elements beginner book. It's also pretty good..

The product was great. It took 5 days to get the book. It was a prime idea.

worked for school band

Great book, thanks
