Bass Fishing: Tips And Tricks For Catching Largemouth Bass (Fishing Guide, Freshwater Fishing, Bass Fishing Books, How To Fish, Fishing Tackle)

Synopsis

Largemouth Bass, Fishing Tips, Tactics, Tackle and more... The perfect guide for beginners, and anyone looking to gain a few extra tips and tricks for catching bass. Here is a sample of what you will learn: About Large Mouth Bass, Prime Bass Locations, Feeding Habits, Knots, Artificial Bait/Lures, Live Bait, Rigs, Boat Fishing Tips, Bank Fishing Tips, And much much more. Easily the most popular game fish in America is none other than the largemouth bass. As we'll explore throughout this book, there's certainly good reason to see why. Largemouth bass are typically top predators in their ecosystem, but despite this, they will only spend a small amount of their time on hunting and feeding. More importantly, largemouth bass (particularly full grown adults) are extremely cautious around suspected danger, such as lures. This fact, coupled with their limited time dedicated to feeding, makes them an elusive fish for the inexperienced angler to catch, and a worthy adversary for the professional fisherman. Customer Reviews

I needed a quick reference for an upcoming family trip to the lake, and I found this to be really great guide to bass fishing. I appreciated that the information was presented in a clear, concise manner. All the important points were covered without a lot of fluff or filler. I thought the info on the differences between boat fishing and bank fishing was especially interesting. So now I get to surprise my relatives with my new-found bass fishing knowledge! I can't wait!

Ok

I really enjoyed reading this book! I'm more of a trout fisherman myself so I thought I'd dive into a little bass fishing. Couldn't hurt to buy a little knowledge before going out on the water. I'd recommend "Bass Fishing" for anybody trying to get about catching largemouth bass

Awesome! Simple and quick to read for beginners. It has a lot of useful tips for bass fishing in your areas.

This a great book for learning the fundamentals! Very well written and informational.

This ebook is well laid out and provides good insight to those who are not experienced fishermen. It is worth reading.

Iv read more detailed articles(this is not a book by any stretch) nonlinear for free. Don't waste your money.
