Inderbir Singh's Textbook Of Human Histology: With Colour Atlas And Practical Guide

Synopsis

The seventh edition of Inderbir Singh's Textbook of Human Histology has been fully revised to provide undergraduate and postgraduate medical students with the most recent developments in the field. The book begins with a colour atlas presenting more than 80 slides providing an overview of histology and a quick revision aid. Each of the following chapters discusses the histology of different parts of the body. Each chapter has been fully revised and the new edition includes an additional section on Microscopy and Histological Techniques. All figures have been redrawn and many new illustrations have been added, as well as clinical and pathological correlations. Key points

- * Fully revised, new edition presenting students and trainees with recent developments in human histology
- * Features a colour atlas presenting more than 80 histology slides
- * Includes new chapter on Microscopy and Histological Techniques
- * Previous edition published in 2011
