Torts: Cases And Materials [Connected Casebook] (Aspen Casebook)

Synopsis

Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students.

CasebookConnect offers you what you need most to be successful in your law school classes – portability, meaningful feedback, and greater efficiency. Written first and foremost as a teaching tool, *Torts: Cases and Materials*, is a casebook that engages students without avoiding the hard questions. Modeled on the venerable Prosser casebook, but intended to be modern, accessible, and yet sophisticated, this book consistently gets high marks from students for being clear, user-friendly, and not hiding-the-ball like so many other casebooks.

Challenging hypotheticals and authors' dialogues engage students while allowing instructors to probe more deeply into ambiguous or developing areas of law. The book's manageable length makes it an ideal for a three- to four-hour introductory Torts course.

Key Features: Cases that are judiciously edited, so as to let the judges' voices be heard, along with the inclusion of dissenting opinions where important. Numerous recent cases have been added both in the notes and as principal cases, while old material has been pruned back to reduce unnecessary bulk. Continued integration of the Third Restatement throughout the book, including caselaw development following the new Restatement (particularly in the area of foreseeability, duty, and proximate cause). A comprehensive Teachers' Manual that informs instructors about developing issues, points out important secondary literature, and answers questions raised in the notes and hypotheticals.
