# Easy Steps To Chinese Vol.1, Workbook, Simplified Characters Version

## **Synopsis**

These are the companion workbooks for the Easy Steps to Chinese series. The workbooks include the exercises of practicing Pinyin and strokes, recognizing and writing Chinese characters, reading comprehension, writing dialogues based on illustrations, matching words with illustrations or English, and more. Great companion books to enhance students' learning experiences.

## **Customer Reviews**

This book is to be used in conjunction with the textbook 1, it has comprehensive character writing and different modes of exercises for students to learn the materials better. If your school can afford these I'd get one for each student, other wise scanning and printing isn't a bad option either. I recommend it with the teacher's book too if you are teacher!

Good book but took too long to arrive

My son was learning for the book, it was not used completely. It is a good workbook people should buy it.

I still waiting for my books until today! When I can get my books?--It's One month and two weeks now! Send the books to ASAP! Is that you want to trick my money? Is that the way you tricking people's money like that--Always?

This book was required for one of my kids. The book came clean and she states it is useful and easy to follow. My Mandarin is non-existent so I can't speak to the quality of the writing. But the book itself is well made. It seems to progress logically. And maybe most important it looks like it will hold up for more than 6 months. It works well with the textbook though to my untrained eye they don't seem to correlate 100%. We will see.

Exactly as described.

Great book for Children beginners.

So good!
