## Synopsis

The Sacred Liturgy, declares Vatican II, is the font from which all the Church's spiritual power flows. In his modern classic work *The Wellspring of Worship*, Fr. Jean Corbon explores the meaning of the Liturgy as the "wellspring" or source of the Church's life and worship of God. The Liturgy itself is a sharing in the mystery of the Triune God and in the Incarnation, Passion, Death, Resurrection and Ascension of Jesus. Corbon writes that it is "the mystery of the river of life that streams from the Father and the Lamb", into which believers are to be drawn. In this way, the divine river waters their entire lives, renewing and transforming them. *The Wellspring of Worship* is a masterful reflection on the mystery of God's Trinitarian life and how the Church's members participate in that life through the Liturgy.

## Customer Reviews

"I have no doubt that this book will be recognized for centuries as a classic of Catholic liturgical spirituality and theology." -- Aidan Nichols, O.P., Author, *Looking at the Liturgy*

Text: English, French (translation) --This text refers to an out of print or unavailable edition of this title.

Jean Corbon's soul is in his written words. Anything of his that is published is well worth reading, pondering, and taking to heart. The depth of one's spiritual life in Christ will increase in direct proportion to one's desire to worship Him well.

Good quality and still reading it. 5 pages a day.

Wonderful book for anyone who wants spiritual insight into liturgy. Plan to read a few pages at a time...not a quick read.

Classic theological treatise on the deep theology of liturgy. Cannot be read fast. You must be in a centered place otherwise it will be like "casting pearls to the swine ."

A fantastic read!

Written from an Eastern Christian perspective, this book identifies and describes the ineffable mystery of God from whence the worship of the Church flows. Would that every Christian realized this as he/she walked into Mass!

fantastic...shipped fast and as described!

a superb book that goes much deeper than the usual tinkering with the trappings
